The following covenants, conditions, and restrictions shall run with the land and shall provide general protection as to the ownership, use and occupation of all lots within the subdivision, use and occupation of all lots within the subdivision and annexations thereto, which provisions shall be binding upon all parties having any right, title or interest in the described properties or any part thereof, their heirs, successors and assigns, and shall inure to the benefit of each and every owner thereof.

(A) SOLAR ACCESS DEFINITIONS

(1) Exempt Tree: Any preexisting vegetation as defined in Article II, Section B or any vegetation included on the list of solar friendly vegetation kept by the City of Boise's Public Works and Community Planning and Development Departments.

(2) Front Lot Line: The line represented by the connection of the most distant corners of a lot, including flag lots, where said corners are in common with the boundary of a public or private road. For corner lots, the front lot line is designated on the plot.

(3) North Slope: The gradient, in percent slope, from the average finish grade of the front lot line of the shade restricted lot to the average finished grade of the solar lot line of a solar lot. The slope must be downward or decreasing in elevation from south to north.

(4) Restricted Vegetation: A tree or other vegetation which is either evergreen, or if deciduous, tends to retain its leaves late in the fall and/or drop them late in the spring, or has a dense branching pattern which generally tends to block a high level of the sun's rays during the heating season. Refer to the list of "solar friendly" trees on file with the Boise City Public Works and the Community Planning and Development Departments.

(5) Shade: That portion of the shadow cast by the shade point of a structure or vegetation which exceeds the 11.5 foot fence at the solar lot line at solar noon, January 21.

(6) Shade Points: That part of a structure, tree or other object, on a shade restricted lot, which casts the longest shadow (the most northerly shadow) when the sun is due south on January 21st at an altitude of twenty-six (26) degrees above the horizon, except a shadow caused by a narrow object such as a chimney, antenna, utility pole, wire, etc.

(7) Shade Point-Height: The vertical distance or height measured from the average elevation at the solar lot line to the shade point. If the shade point is located at the north end of a ridge line of a structure oriented within 45 degrees of a geodetic north-south line, the shade point height computed according to the preceding sentence may be reduced 3 feet. If a structure has a roof oriented

within 45 degrees of a geodetic east-west line with a pitch which is flatter than 6 feet (vertical) in 12 feet (horizontal), the shade point will be the eave of the roof. If such a roof has a pitch which is 6 feet in 12 feet or steeper, the shade point will be the peak of the roof.

(8) Shade Restricted Lot: Any lot within the subdivision that is southerly of and adjacent to a solar lot. These lots have some restriction on vegetation types and structure height.

(9) Solar Friendly Vegetation: A tree or other vegetation which is included on the solar friendly vegetation list kept by the City of Boise's Public Works and Community Planning and Development Departments.

(10) Solar Lot: A lot which has the following characteristics:

1. The front lot line is oriented within thirty (30) degrees of a geodetic east-west bearing;
2. The lot to the immediate south has a north slope of ten (10) percent or less;
3. Is intended for the construction of an above ground inhabited structure.

(11) Solar Lot Line: The most southerly boundary of a solar lot: the line created by connecting the most distant southerly corners of a solar lot.

(12) Solar Setbacks: The minimum distance, measured perpendicular in a southerly direction, from the center of the solar lot line to the shade point of a structure or to restricted vegetation based upon its height at maturity on the shade restricted lot.

(B) SOLAR ACCESS COVENANTS, CONDITIONS AND RESTRICTIONS

(1) Shade Restriction: Each lot within the subdivision which is classified as a Shade Restricted Lot shall have the following restrictions: Any structure or restricted vegetation (solar unfriendly) cannot cast a shadow higher than an imaginary fence 11.5 feet above the solar lot line on solar noon of January 21st when the sun is at an angle of 26 degrees above the horizon. This sun angle at noon on January 21 causes structures, vegetation, and other objects to cast a shadow twice as long as their height. The height of the shade point of a structure on the shade restricted lot is limited to 19 feet at the 15 foot rear yard zoning setback in order that the 11.5 foot high "solar fence" at the north property line of the Shade Restricted Lot is not exceeded. These standards assure that a structure built to the 15 foot rear yard zoning setback, on the Solar Lot located to the north, will not be shaded more than 4 feet above grade on its south wall on January 21 at solar noon.

(2) Pre-Existing Vegetation: Restricted vegetation (solar unfriendly), which existed when the subdivision was platted is exempt from the provisions of these covenants, conditions and restrictions. Any lot which would be shaded beyond the allowed shade limit by such vegetation shall not be classified as a Solar Lot.

(3) Slope Exemption: Any lot with an average finished grade along the north-south lot dimension greater than ten (10) percent shall be exempt from the terms and conditions of these covenants, conditions and restrictions.

(4) Solar Setbacks: Each separate structure and item of restricted vegetation shall have a solar setback dependent on and calculated by its shade point height. All shade restricted lots have the following solar setback: Solar Setback (in feet) = [Shade Point

Height (in fact)-11.5']x2. Table I below shows a few examples of solar Setbacks for given shade point heights:

TABLE I

SOLAR SETBACK REQUIRED FOR A GIVEN SHADE POINT HEIGHT.

Shade Point Height	Solar Setback
10'	0'
15'	0'
20'	17'
25'	27'
30'	37'

The memberships in the Master Association shall not be assignable, transferred, pledged, or alienated in any way except upon the transfer of title to said lot and then only to the transferee of such title. Any attempt to make a prohibited membership transfer shall be void and will not be reflected on the books of The Master Association.

(C) SOLAR ACCESS RIGHTS, DUTIES AND RESPONSIBILITIES

The ACC shall have the right to consider and grant a variance as herein provided either with or without notice to other Owners or a hearing of Owners thereon.

The granting of a variance by the ACC pursuant to this Section shall not relieve the Owner from the obligation to fully comply with applicable ordinances of the City of Boise, Idaho.

In reviewing the application and the materials submitted therewith and in reaching a decision thereon, the ACC shall use its best efforts and judgment to assure that all improvements shall produce and contribute to an orderly and aesthetically complementary design and appearance and be of the quality required to maintain Silverwood Subdivision as a quality residential development.

Unless extended by mutual consent of the Owner and the ACC, the ACC shall render its decision with respect to an application within forty-five (45) days after the receipt of a properly submitted application. The decision of the ACC can be in the form of an approval, a conditional approval or denial. The decision of the ACC shall be in writing, signed by a member of the

ACC, dated, and a copy thereof mailed to the Owner at the address shown on the application.

A conditional approval shall set forth with particularity the conditions upon which the application is approved and the Owner shall be required to affix a copy of said conditions to the working drawings or blueprints which are to be kept on the job site during the entire course of the work to which said plans relate.

A denial of an application shall state with particularity the reasons for such denial.

SECTION 11.09. Inspection and Complaints. The ACC is empowered to inspect all work in progress on any Lot any time. Such inspection shall be for the purpose of determining whether the Owner is proceeding in accordance with the approved application or is deviating there from or is violation this Master Declaration or the ACC Rules/ACC Standards or the approved plans and specifications.

The ACC is empowerment to receive from other Owners ("Complainants") complaints in writing involving deviations from approved applications or violations of this Master Declaration or any applicable ACC Rules/ACC Standards. In the event the ACC receives such a complaint from a Complainant, it shall first determine the validity of such complaint by inspection or otherwise.

Should the ACC determine that there has been a deviation or a violation, it shall promptly issue a notice in writing thereof to the Owner and to the Complainant, which notice shall specify the particulars of the deviation or violation and shall demand that the Owner conform to either or both of the following directives:

(a) The Owner shall immediately cease the activity which constitutes a deviation or violation.

(b) The Owner shall adhere to the corrective measure set forth in the written notice.

Should the ACC determine there has been no deviation or violation, it shall promptly issue a notice of such determination to the Owner and the Complainant.

Such hearing must be requested by such party within ten (10) days from the date the written notice of the decision of the ACC is mailed to the Owner (and Complainant) as evidenced by the records of the ACC. The hearing shall be held within ten (10) days following receipt by the ACC of the request for a hearing, unless the ACC shall extend said period of time because of the unavailability of ACC members. A hearing may be continued by the ACC for the purpose of further investigation or to receive additional evidence. Upon completion of the hearing, the ACC shall issue a written opinion to the involved parties within ten (10) business days thereafter which opinion shall set forth the findings of the ACC with respect to the matters at issue and shall affirm, modify or rescind its previous decision as contained in the original written notice. If the ACC incurs any costs or expenses in connection with the investigation, processing or hearing on a matter involving a deviation or violation, including the costs of retaining a consultant(s) to advise the ACC and legal fees, such costs shall be paid by the Complainant unless an Owner is found to be in violation, in which event such Owner shall pay all such costs. The payment of such costs shall be enforceable as provided in Section 11.12, below.

SECTION 11.11. Appeal. Either an Owner or a Complainant shall have the right to appeal to the Board a decision of the ACC on an application with respect to the conditions imposed thereon or a denial thereof, or a decision of the ACC adverse to the Owner or the Complainant reached following a hearing held pursuant to Section 11.10, above, provided, however, that neither an owner nor a Complainant shall be entitled to such an appeal with respect to deviations or violations unless said Owner or Complainant has participated in the ACC hearing.

A notice of appeal shall be in writing and shall be delivered by mail to the Secretary of the Board within ten (10) days from the date of the decision by the ACC. Said notice of appeal shall be dated and shall contain the name of the owner and the Complainant, if any, and a copy of the written decision or determination of the ACC. The failure of an Owner or Complainant to appeal a decision of the ACC in the manner and within the time herein provided shall terminate all rights of said Owner or Complainant to appeal said decision and it shall be binding and enforceable.

The Board shall fix a date for the hearing of such an appeal which date shall be no later than ten (10) days from the date of receipt of a notice of appeal unless extended by the Board because of the nonavailability of Board members. The Owner and Complainant, if any, shall be advised of the time and place of the hearing by a mailed written notice. Written notice of time and place for hearing shall also be served by mail upon each member of the ACC.

The Board may require the Owner or Complainant to provide additional information to facilitate the Board's decision and the failure of such party to comply promptly with such request shall entitle the Board to deny the appeal, in which event the decision by the ACC shall be considered final and not subject to further appeal.

At the hearing the Owner, Complainant, if any, and the ACC, together with their representatives and other witnesses, shall present their position to the Board. The order of presentation and the evidence to be admitted shall be solely within the discretion of the Board provided, however, that the Owner, the Complainant, if any, and the ACC shall have the opportunity to question and cross-examine witnesses presented by the other. The Owner, the Complainant, if any, and the ACC will have the opportunity to present final argument consistent with rules adopted by the Board for such hearing process. Any party may be represented by an attorney at any hearing by the ACC or the Board.

Upon receiving all of the evidence, oral and documentary, and the following the conclusion of the hearing, the Board shall retire to deliberate and shall reconvene at a time and place determined by the Board, at which time the Board shall cast its official ballot and the decision shall be duly recorded in the minutes of the meeting. The Owner, the Complainant, if any, and the ACC members shall be given written notice of the decision which shall be deemed given when deposited in the United States mail, postage prepaid and properly addressed.

If the Board incurs any costs or expenses connection with the investigation, processing or hearing on an appeal, including the costs of retaining a consultant(s) to advise the Board and legal fees, such costs shall be paid by the party(s) filing the appeal unless the decision by the Board constitutes a substantial reversal of the decision of the ACC, in which event such costs shall be paid by the Association. If the party filing the appeal is obligated to pay such costs, payment of the same shall be enforceable as provided in Section 11. 122, below.

A decision of the Board of an appeal shall be final and shall not be subject to reconsideration or further appeal.

SECTION 11.12. Enforcement. The ACC shall not commence such legal or equitable proceedings until a written notice of the deviation or violation has been appropriately prepared and given to the Owner but thereafter the ACC shall have the sole discretion to commence such proceedings.

The authority of the ACC as herein provided shall include the power to retain legal counsel expert witnesses, pay filing fees, deposition costs, witness fees and all other ordinary and necessary expenses incurred in commencing and carrying out said legal or equitable proceedings, all of which costs shall be paid by the Association.

The failure of the Owner to pay said assessments, or

any installment thereof when due, shall be enforceable in the manner provided in Article IX. above.

SECTION 11.13. Additional Damages. In addition to the costs and expenses to be reimbursed by the Owner or the Complainant, all other costs, expenses and damages determined by the Board to be proximately caused by the deviation or violation or the costs and expenses incurred by the Association to correct the same shall be assessed as a Limited Assessment against the Owner and Lot owned by said Owner, or the Complainant and the Lot owned by the Complainant, as the case may be, which Limited Assessment shall be due and payable at such time or in such installments as determined by the Board, in its sole discretion. The right of the Board to enforce said Limited Assessment shall be the same as provided in Article IX, above.

SECTION 11.14. Non-Exclusive Remedy. The right of the Association to levy a limited Assessment as described in Sections 11.12 and 11.13, above, shall not be deemed to be an exclusive remedy of the Association and it may, in its sole discretion, without waiver of any other legal or equitable remedy, pursue enforcement of the lien of said Limited Assessment(s), proceed to collect any amount due directly from the Owner and/or pursue any other remedies available at law or in equity.

SECTION 11.15. Private Rights. The Association shall not have the right to mediate or litigate private disputes between Owners where there is a legal or equitable remedy available to resolve said dispute when, in the sole discretion of the Board, the interests of the Association or a substantial number of the Owner would not be benefited thereby.
